Standard(s)	This product is certified to applicable British safety standards BS5733
Maximum Load (Wattage)	7.5A: 1800 Watts, 240 Volts
IF IN DOUBT CONSULT A QUALIFIED ELECTRICIAN	

COUNTRIES OF USE

For use only with non earthed (2 pin plug) appliances. Countries of use: Austria, Belgium, Chile, Czech Republic, Denmark*, Finland, France, Germany, Greece, Greenland*, Hungary, Iceland*, India, Ireland, Israel, Italy, Luxembourg*, Madeira, Majorca, Monaco, Morocco, Netherlands, Norway, Poland, Portugal, Romania, Slovakia, Spain*, Sweden, Tunisia, Turkey & other parts of the world operating on European systems*, and parts of the Far East, although some may have an alternative localised electrical system. Countries that have a 110V power supply are USA, Canada, Japan, parts of South America and some areas of Europe.

Note:* Older electrical systems may still be in use in these countries.
This adaptor is generally not suitable for use in Switzerland.

SAFETY WARNING

- ✓ DO Ensure that the appliance is suitable for the local power supply. The majority of European countries have a 220-250 Volt supply.
- ✓ DO Check whether your appliance is suitable for dual voltage, most travel appliances are designed to run on dual voltages. This adaptor does not change voltages.
- ✓ DO Insert the adaptor into the wall socket and use the appliance in the normal way.
- ✓ DO Select the correct adaptor combination for the required country.
- ✗ DON'T Use if the local socket fitting does not allow insertion of the adaptor. This may be the case in some countries.
- ✗ DON'T Exceed maximum allowable load 7.5 Amps, 240 Volts a.c, 1800 Watts.
- ✗ DON'T Use in damp or wet conditions.

AMERICAN/AUSTRALIAN ADAPTOR

This adaptor has been designed with adjustable pins to enable the adaptor to be used either the American 110V or Australian 240V systems. Use only with non earthed (2 pin wire ) appliances rated up to 1,500 Watts.

AMERICAN - Pin Position A (as below) Countries of use: U.S.A, Canada, Japan, Caribbean Islands and other countries operating a 110V U.S.A. system. This adaptor may also be used as a shaver adaptor in the above countries.

The American/Australian adaptor must only be used with non-earthed appliances (i.e. with a 2 pin wire mains lead).

AUSTRALIAN - Pin Position B (as below) Countries of use: Australia, New Zealand and the Pacific Islands operating the 240V Australian system. This adaptor may also be used as a shaver adaptor in the above countries. The American/Australian adaptor must only be used with non earthed appliances (i.e. with a 2 pin wire mains lead).

Pin Position A

Pin Position B
